Tall Grass
Quincy Flint

Capo II
Key C --> D

I got tall grass in my front yard
I got ragweed comin' up 'round back
I got tall grass in my garden
I got wildflowers, far as you can see

I was down in Austin the last week or two
Played a few shows in some listening rooms
Took the back roads home, watching bonnets bloom
Now I got wild flowers in my living room

**All my neighbors, they think I'm crazy
They think I'm lazy in the summertime**

Then some long neck from the city
Came to see me late last week
Said it'd cost me a pretty penny
To keep the ragweed out to the street

I'll be on my back porch any given
Sunday Drinkin' sweet tea with a friend of mine
Talkin' country, talkin' cowboys
Eatin' crackers and some old moon shine

**All my neighbors, they think I'm lazy
But I think they're pretty, in the summertime**

When my time comes I want daisies,
Dandelions, and chicories
Tell my family, I don't want roses
Wild flowers are fine with me

I got tall grass in my front yard
I got ragweed comin' up 'round back
I got tall grass in my garden
I got wildflowers, far as you can see

**All my neighbors, they think I'm lazy
But I think they're crazy in the summertime**
