

Tell me you want me
Tell me you need me
Tell me you love me all the time

VERSE: CCFF, GGGC, CCFF, GGCC
CHORUS: FFGG, CCFF, GGGC

I'd pay to see the sunshine dancing in your eyes
I'd take the midnight train from Cleveland down the dixie county line
I'd walk a thousand miles on a bed of cold barbed wire
Crawl hand and foot along the highway paved with pure desire

Just to hear you say
Babe, I want you
Babe, I need you
Babe, I love you all the time

If heaven is a peaceful place, I'd sooner go to war
For Helen launched a thousand ships, I know you'd send one more
If you're the book upon my shelf, my hands have never touched
I'd flip through every page until the papers turned to dust

Just to hear you say
Babe, I want you
Babe, I need you
Babe, I love you all the time

I'd call the local paper; I'd write the world a note
If you said you love me, babe, you know I'd have to gloat
I'd climb the tallest mountain, I'd sail across the seas
Learn a little Mandarin, befriend the Japanese

Just to hear you say
Babe, I want you
Babe, I need you
Babe, I love you all the time
