Walking With Jesus  
**Quincy Flint**

No Capo  
Key E

Walked with Jesus on Tuesday  
Skipped a stone through the sky  
Waiting out in the graveyard  
With the devil tonight

Was born a reflection  
I stood in God's eye  
Got a warmer companion  
Sitting down by my side

Went down to the jailhouse  
To hear the jail birds pine  
Opened all of their windows  
Lord had us a time

Is it he who has fallen  
Or them who took flight  
Got their streets made of gold and  
Left a wasteland behind

We fought with the moon  
And drank all her wine  
Got caught with five Aces  
Is that such a crime

Come closer my brother  
You've got something to hide  
You've been talking to Jesus  
You've been feeding me lies

His jet-black tuxedo  
Is red velvet lined  
His brand-new Spanish dress boots  
Made of rattlesnake hide

Oh, I went walking with Jesus  
Done made up my mind  
Gonna burn down this castle  
Lock the devil inside
