

[D-Am, C-Em-D, G-Am, D-G-D]

I'll never make it out on the (open) road  
Just lying awake all alone  
Playing for pennies on this dirty street  
Playing songs about you and me

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes  
And I feel you by my side  
When I close my eyes  
When I close my eyes

[D-Am, C-Em-D, G-Am, D-G-D]

But the highways tell the time  
There's no time to change my mind  
Just like that kite you held in tow  
I can't fly if you don't let go

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes  
And I feel you by my side  
When I close my eyes  
When I close my eyes

[D-Am, C-Em-D, G-Am, D-G-D]

I tried swimming in history  
But my dream's a flood of you and me  
My heart is mine to make  
But yours is mine to break

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes  
And I feel you by my side  
When I close my eyes  
When I close my eyes

[D-Am, C-Em-D, G-Am, D-G-D]

Your words send all their love  
But your words just ain't enough  
I miss your arms and I miss your lips  
I miss your arms wrapped around my hips

[G-C, D7-G, B7-C, D-G]

I still see your daydream eyes  
And I feel you by my side  
When I close my eyes  
When I close my eyes
