

Intro Am G Am G (or CG CG)

C G | C G | Am Em | Am G C

With bated breath she holds my tongue
 I tried to speak but the feeling's gone
 You took my words and you wrote em down
 And put them in a song

C G | C G | Am Em | Am G C

Sorrow comes and sorrow goes
 Doors open while others close
 But nothing's worse than a thought unsaid
 And feelings gone unfelt

C G | C G | Am Em | Am G C

You rode off with tomorrow's dreams
 You took half of everything
 Half my heart and half my wings
 Now I'm learning to walk again

C G | C G | Am Em | Am G C

So reach down in your pocket dear
 Find some truth and a dollar there
 There ain't no time for lying here
 Just take it on down the line

C G | C G | Am Em | Dm C G

Don't tell what we could have been
 Don't ask me what I wished we'd been
 All I have is where we've been
 And you can't take that away

C G | C G | Am Em | Dm C G | Am G C

Don't tell what we could have been
 Don't ask me what I wished we'd been
 All I have is where we've been
 And you can't take that away
 No you can't take that away

C G | C G | Am Em | Am G C

No time to weep no time to cry
 Hide your tears and dry your eyes
 There ain't no need for a long goodbye
 Cause this is just farewell

C G | C G | Am Em | Am G C

Trust that voice you hear at night
 And all those feelings you tried to fight
 Come what may you land upright
 You always find your way

C G | C G | Am Em | Dm C G

Don't tell what we could have been
 Don't ask me what I wished we'd been
 All I have is where we've been
 And you can't take that away
