

Ain't Nobody's Dirty Business
John Hurt

Ain't nobody's dirty business how my baby treats me
Nobody's business but mine
Ain't nobody's doggone business how my baby treats me
Nobody's business but my own

Well, sometime my babe get boozy, then again she tries to rule me,
nobody's business but mine
Takes me down beneath the stairs tells me that she loves me there
nobody's business but my own

One of these days gonna wake up early, gonna make our bed and do her dirty
Nobody's business but mine
Take her out to Louisiane, she's another problem for another man
Nobody's business but my own

Say babe did you get that letter, would you take me back, I'll treat you better
Nobody's business but mine
Hey now mama would you make dinner, every night, for your breadwinner
Nobody's business but my own

One of these nights gonna come home late, gonna grab my gun shoot my babe
Nobody's business but mine
Take her out to Pensacola, dig a ditch and roll her over
Nobody's business but my own

Ain't nobody's dirty business how my baby treats me
Nobody's business but mine
Ain't nobody's doggone business how my baby treats me
Nobody's business but my own
